

3-A CERTIFICATE. INNOVA N and K

INOXPA has obtained the 3-A certificate for the INNOVA N and INNOVA K seat valves.

This certification verifies that the design, materials and fabrication of the valves meet the strictest requirements of the 3-A Sanitary Standards.

It is important to point out that the valves will have no price increase.

We hope that all this will help us increase sales in the food industry.

The certificate is available for download on the website of 3-A: certificate authorization number 3702

VALID THROUGH: **December 31, 2019**

Timothy R. Rugh
Executive Director
3-A Sanitary Standards, Inc.

The issuance of this authorization for the use of the 3-A Symbol is based upon the voluntary certification, by applicant for it, that the equipment listed above complies fully with the 3-A Sanitary Standard(s) designated. Legal responsibility for compliance is solely that of the holder of this Certificate of Authorization, and 3-A Sanitary Standards, Inc. does not warrant that the holder of an authorization at all times complies with the provisions of the said 3-A Sanitary Standards. This in no way affects the responsibility of 3-A Sanitary Standards, Inc. to take appropriate action in such cases in which evidence of nonconformance has been established.

NEXT TPV INSPECTION/REPORT DUE: **March 2024**
